MEMORANDUM FOR: Acting Chief, WPD-ED/P

SUBJECT: Communications and Notifications in Support of
Detachment "H" Operations.

1. This memorandum contains recommendations in paragraph 7 for approval by Acting Chief, WPD-ED/P.

2. Communications requirements in support of Detachment "H" operations were discussed with [redacted] and [redacted]. The various communications links were explored for rapidity, security, and availability. It was recommended that both IDEALIST and USAF SSO channels be used. The only limitations to existing links are between Project Headquarters and USAF Special Activities and between [redacted] Equipment and cleared operators are available to complete these installations if required.

3. USAF Special Activities will be the only point of contact with the Air Force subsequent to the preliminary planning phase. Notification will be either by personal contact or direct communications link. Joint Chiefs of Staff, AFCTG-5, and subordinate Air Force commands will be notified through personal contact and USAF SSO channels.

4. Each agency listed in Attachment # 2 will require timely information to properly support U-2 flights. Justification for Air Force organizations listed is command responsibility, coordination of reconnaissance and air defense operations, radar suppression and air traffic control.

5. Attachment # 1 contains a list of mission data considered necessary to various agencies.

6. Attachment # 2 contains a chart depicting notification required and action agencies.

7. Request approval of the following recommendations:

a. Install secure communications link between WPD and USAF Special Activities.

b. Use of Attachment # 2 as a guide for notification by IDEALIST Section.
